

Oil you need to know.

Introducing our new range of premium engine oils

Available from your local Ford Trade Club Dealer

Omnicraft™ oil

Grades and specifications

TITANIUM D1 5W-30

Full Synthetic

A full synthetic high-performance engine oil, which provides excellent high temperature protection even under severe operating conditions.

The oil is designed to help provide long engine life and outstanding protection in vehicles of all ages, outperforming our conventional synthetic blended products.

It provides outstanding protection against sludge, engine rust and corrosion under severe and low-temperature operating conditions and provides optimum viscosity and fluidity across a broad range of temperatures.

Specifications and Approvals

Omnicraft Titanium D1 5W-30 meets or exceeds the requirements of: API SN, ILSAC GF-5.

TITANIUM D2 5W-30

Full Synthetic

A full synthetic high-performance low ash engine oil designed to help prolong the life and maintain the efficiency of the Exhaust Emission Reduction Systems, suitable for use in both petrol and diesel engine, passenger cars and light commercial vehicles.

Permits extended operation at elevated temperatures without oxidative oil thickening and oil breakdown.

Yet provides excellent fluidity at low temperatures allowing easy winter starting and rapid oil circulation around the engine.

Specifications and Approvals

Omnicraft Titanium D2 5W-30 meets or exceeds the requirements of: API SM, ACEA C3.

PERFORMANCE 5W-30

Semi-synthetic

An enhanced premium semi-synthetic engine oil, designed to provide an excellent level of protection and performance.

Industry proven so you can trust you will get the performance you want from your vehicle. It contains a low-friction semi-synthetic formulation which increases engine efficiency and offers greater fuel economy.

- Excellent wear protection
- Excellent engine cleanliness
- Excellent high temperature protection
- Excellent fuel economy

Specifications and Approvals

Omicraft Performance 5W-30 meets or exceeds the requirements of: API SN, ILSAC GF-5.

PERFORMANCE 10W-40

Semi-synthetic

An enhanced premium semi-synthetic engine oil, designed to provide an excellent level of protection and performance.

Industry proven so you can trust you will get the performance you want from your vehicle.

- Excellent wear protection
- Excellent engine cleanliness
- Excellent high temperature protection

Specifications and Approvals

Omicraft Performance 10W-40 meets or exceeds the requirements of: API SN, ACEA A3/B3.

PREMIUM 10W-30

Mineral

A premium quality mineral engine oil designed to provide a high level of performance and protection under most operating conditions.

Meticulously engineered for today's tougher engine specifications. It provides very good engine protection and extends engine life.

- Excellent wear protection
- Excellent engine cleanliness

Specifications and Approvals

Omicraft Premium 10W-30 meets or exceeds the requirements of: API SN, ILSAC GF-5.

PREMIUM 15W-40

Mineral

A premium quality mineral engine oil designed to provide a high level of performance and protection under most operating conditions.

Industry proven so you can trust you will get the performance you want from your vehicle.

- Good wear protection
- Good engine cleanliness
- Good high temperature protection

Specifications and Approvals

Omicraft Premium 15W-40 meets or exceeds the requirements of: API SN, ACEA A3/B3.

Premium engine oils that do more than make the grade

Omicraft introduces a new range of premium engine oils, suitable for most makes and models, new and old. Quality parts you can trust. Available from Ford Trade Club.

High specification

A comprehensive range formulated to offer the high-specification protection and performance that the vehicle engines of today demand – a range that meets and exceeds numerous specifications and approvals including American Petroleum Institute (API).

The right oil. The right size.

Six grades of oil in 5L, 20L and 208L containers – we've got the protection of vehicle engines covered.

Titanium

5W-30 full synthetic high-performance engine oils to the latest specifications designed to provide excellent high-temperature protection for vehicles of all ages.

Performance

5W-30 and 10W-40 premium semi-synthetic engine oils designed to provide an excellent level of protection and performance.

Premium

10W-30 and 15W-40 premium mineral engine oils designed to provide a high level of performance and protection under most operating conditions.
